Components & Accessories for OPERON® Surgical Tables
Like the OPERON Surgical table products, our accessories are characterized by robust construction, ergonomic functionality and a wide range of applications to meet the requirements of nearly every surgical discipline. Optimized for safe patient positioning and user interface, our extensive portfolio range ensures that you have the best situation possible, regardless of the imaging and positioning requirements.

**Weight Limitations**
Accessories have weight limitations based on the patient’s total weight proportional to the body part being supported. When multiple accessories are used, the patient weight should be limited to the lowest capacity accessory. Known weight limitations are listed with the accessories throughout this catalog.

**Berchtold Warranty**
BERCHTOLD Corporation is committed to providing quality products and support to its customers with a goal of total customer satisfaction. BERCHTOLD will correct any defects in material or workmanship during the warranty period in accordance with the following terms:

For a period of one year from the warranty start date, BERCHTOLD Corporation will provide warranty replacements of all equipment that does not perform according to its specifications.

All work on BERCHTOLD equipment during the warranty period must be performed by a qualified technician. For additional information, please contact BERCHTOLD Customer Service at 800-243-5135.
